

DELAC & DAC Recommendation Form

School: The Accelerated School

DELAC/DAC Meeting Date: 05-23-19

Topic: Additional Course Work & Parent Classes

Recommendation(s):

1. The DELAC recommends that our school create a course work policy which includes how we implement extra curricular opportunities, such as sports program, art, (other elective classes) etc.
2. Would like the parent policy to include parent workshops/classes (English classes, curriculum support/strategies, etc.) communicated and calendared to parents.

Justification:

1. Motivates students to act better, keep them active and expose them to different experiences. Gives the younger students something to look forward to.
2. Supports and Empowers parents and communities in learning and improving. Provides strategies and information to support their kids in school & home.

Response to DELAC/DAC*:
