Dear Parents and Students,

As you likely know, this week new stay-at-home orders went into effect across most of California amid a dangerous surge in COVID-19 cases and hospitalizations.

In response, the Los Angeles Unified School District is shutting down all school campuses starting this **Thursday, Dec. 10** for the remainder of the Fall semester. This includes a suspension of all activities on school campuses including in-person tutoring, testing, technology support and special services.

In adherence to these guidelines, The Accelerated Schools will be temporarily suspending all on-campus activities through January 8.

**Food Service will be the sole exception. We will continue to distribute meals to our students and community Monday - Friday, between the hours of 7am-1pm at the TAS Front Gate.**

As always, parents are encouraged to reach out with questions and to request remote support.
