

ACES ELAC Recommendation Form

School: Accelerated Charter Elementary

Topic: Additional Support for English Language Learners & the Community

Recommendation(s):

1. The ELAC recommends that our school offer students Rosetta Stone English for students to do asynchronously.
2. The ELAC recommends that our school offer more parent workshops/classes (English classes, curriculum support/strategies, etc.)

Justification:

1. Per the state of California's response to COVID-19, instructional minutes have been reduced and have impacted instruction. Providing students with additional language learning opportunities through the use of Rosetta Stone will help teachers monitor their language development.
2. Supports and Empowers parents and students in learning and improving. Provides strategies and information to support their kids in school & home.

Response to DELAC/DAC*:
