2020—2021 School Accountability Report Card
Reported Using Data from the 2020—2021 School
Year
California Department of Education

Phone:	(323) 235-6343	Grade Span:	K-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county.

Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About Our School

TAS provides elementary and middle school education to students in grades kindergarten through 8th grade.

When TAS opened its doors in 1994, it was groundbreaking. The premise was ambitious, yet simple: good schools transform communities and community is created with shared values and common goals. In the decades since its founding, TAS became a national model for education reform.

Today, TAS continues to set high standards for educational achievement and possibilities. It provides a rigorous yet nurturing academic learning environment with high expectations of students and a strong belief that all children are gifted, and can learn and achieve their full potential.

Our staff and teachers, together with our parents, work to help ensure our students are prepared to succeed and thrive in high school.

I am proud to be leading one of the founding schools of the charter school movement in Los Angeles, CA started in 1993 with such a highly supportive and academic challenging environment that prepares our students to be competent and confident learners in college, career, and beyond.

With each school year, there's a feeling of excitement, of new beginnings and of new possibilities. That's what I look forward to as I start this new school year with TAS, and it's what carries me forward.

I look forward to working with the TAS family – new and old, building upon our great tradition of excellence, and to reach beyond our current heights to accelerate students further than we ever have!

School Description and Mission Statement (School Year 2021–2022)

For more than 25 years, The Accelerated Schools (TAS) have embraced a commitment to academic excellence and achievement guided by the belief that all students can excel when nurtured in a school environment that combines high expectations for students, and active involvement from parents and the community.

TAS prepares students with the foundational knowledge, tools and skills needed to be productive, engaged citizens and lifelong learners. Our goal is to instill from an early age the important academic and character strengths that will help them succeed in college, career and life.

We believe TAS enriches the lives of students and their families through a mix of academic, cultural, and community-focused programming and has been instrumental in transforming the South Los Angeles community.

The Accelerated Schools will graduate students who are prepared to succeed at the university and career of their choice who will enter the workplace as informed and productive employees, entrepreneurs, community leaders, and will act as responsible citizens.

TAS provides elementary and middle school education to students in grades kindergarten through 8th grade.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was

directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment**

Percentage of Students Meeting or Exceeding the State Standard

Subject	School		School		District		District		State	
	2019-	2020	2019-	2020	2019-	2020	2019-	2020	2019-	2020
English Language Arts / Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the

school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

	2018-2019	2020-2021	2018-2019	2020-2021	2018-2019	2020-2021
Suspensions	0.26%	0.00%	0.65%	0.00%	3.47%	0.20%
Expulsions	0.00%	0.00%	0.02%	0.00%	0.08%	0.00%

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions and Expulsions for School Year 2019–2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School		District		State	
	2019-2020		2019-2020		2019-2020	
Suspensions	0.00%		0.44%		2.45%	
Expulsions	0.00%		0.02%		0.05%	

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.
