Professional Development

*i-Ready Classroom Mathematics* Professional Development partners with educators to deliver sustained, classroom-focused, flexible professional development. Designed to evolve along with each implementation, *i-Ready Classroom Mathematics* Professional Development equips teachers and leaders with strategies and tools for mathematics learning.

**Program Components**

*i-Ready Classroom Mathematics* Professional Development is delivered in a flexible sequence of up to six hours that meets the needs of educators at each phase of their development: New, Practicing, and Advanced. Professional development may be conducted in person or virtually. Our courses focus on the following goals:

- **New Users:** Launching mathematics curriculum with discourse-driven instruction
- **Practicing Users:** Strengthening daily mathematics instruction through carefully developed practices and meaningful mathematics conversations
- **Advanced Users:** Expanding effective instructional practices through deepening mathematical conversations and reasoning

Districts purchasing recommended professional development for three or more implementing sites receive a centralized leadership course/session (one per every 10 sites) of up to three hours in length. Districts may purchase more than the recommended sessions per site to support high-quality implementations.

All professional development is delivered by a facilitator with the experience and capacity to effectively collaborate with our school and district partners across the country. Educators receive session resources and materials specific to their phase of development.

The Online Educator Learning platform provides on-demand, interactive courses that enhance concepts introduced in facilitated professional development sessions. Additional resources are available on ReadyCentral.com and i-ReadyCentral.com, including videos, turnkey implementation tools, and actionable ideas from educators across the country.

**i-Ready Classroom Mathematics**

Professional Development helps educators:

- Analyze data to create instructional plans that help students access grade-level instruction
- Effectively use student-centered educational practices for deep mathematical learning
- Plan strategies to support discourse-driven instruction, foster mathematics talk, and engage students in productive struggle
- Implement widely recognized best practices in mathematics instruction, such as selecting and sequencing student work
- Move from product knowledge to informed practice in a flexible, implementation-specific setting

**Curriculum Associates**

© 2021 Curriculum Associates, LLC. All rights reserved. | 02/21 0K
Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PD sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates’ policy is to only provide PD sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put it employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district’s health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PD Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.
Unparalleled Service and Educator Support

The i-Ready Partners team was born from our core value: the quality of our services is as important as the quality of our products. Know that when you implement our programs, your local i-Ready Partners will be there to support your team every step of the way.

Service Components

Our i-Ready Partners team is tasked with helping you implement our programs to meet ambitious district goals. i-Ready Partners support includes:

- **An Account Manager You Know on a First-Name Basis**: Dedicated account managers are your point of connection to a powerful network of i-Ready experts focused on making your implementation successful.

- **Consultative Professional Development Planning**: Tailored professional development plans ensure that PD is tied to your implementation goals and that educators are equipped to optimize the use of our programs from day one.

- **Real-Time Achievement Data after Every Assessment**: Detailed student achievement analytics to empower data-driven practices in classrooms.

- **Educational Consultants to Help You Know What’s Coming Next**: Educational consultants to keep you up to speed on our latest research, development, and best practices.

- **Technical Support and Health Checks**: Proactive support that anticipates and heads off issues before they start—and is there for you should they arise.

Your i-Ready Partners Team

Dedicated to helping you implement i-Ready programs and achieve your district goals.
