Philosophy

We believe in presenting superb quality and craftsmanship to the customers we serve through our highly knowledgeable and professionally trained staff. The higher standard of timely delivery and job completion you receive as a Noble Tech customer is our proudest and most recognizable trait. We feel this is the most effective way to completely satisfy our customers and generate ongoing referrals. Our 25 years of experience in the fields of Telecommunications, Computer Networking, Surveillance and Access Control has earned us an unsurpassed level of respect from both our company's customers and our competitors. Our certified technicians will ensure that any job; as small or large as it may seem, is treated with the utmost patience, dedication, and attention to detail to get it done right!

Company Profile & Services

Established in 2007 Noble Tech Services Inc. (NTS) is a veteran owned business with high values. Our certified technicians have a combined 45 years of experience in design, installation, and servicing of low voltage systems. We consult and service large corporations and small businesses throughout the continental United State. NTS prides itself in customer service satisfaction with key qualified office and field personnel. Our professional technicians provide the best and highest quality craftsmanship to ALL our customers. In order to offer the most up to date and intuitive technology available, our technicians are constantly attending trainings and seminars.

SCOPE OF WORK & TERMS OF ACCEPTANCE

Your satisfaction is important to us, and we plan to exceed your expectations! This proposal is a complete package, including design, wiring, equipment, installation and coordination of plans with architects, decorators, electricians and cabinetmakers. All equipment is warranted by the manufacturers. We guarantee all installation work to be free of defects for a period of one year from installation date. If service is required, we will be happy to provide you with excellent service for your system.

Responsibilities of others: High voltage electrical wiring and cabinetry are to be supplied by others. Cabinetry must be adequate to fit this equipment and drawings must be submitted for our approval. Media cabinets must provide adequate ventilation to dissipate the heat of electronic equipment. In some cases, quiet fans may be needed for ventilation. Any conduits or trenching required to bury outdoor cabling (including Satellite and Cable Company wiring) are not included and will be provided by others.

Audio Video Manufacturers regularly update their product offerings. In our efforts to provide you with the very latest technology, we reserve the right to substitute the most up to date models available at the time of installation.

Terms: balance due upon completion of the installation. We require 14 days advance notice before beginning each phase of the work. This equipment shall remain the property of Noble Tech Services Inc. until all installation and equipment charges have been paid in full.
