By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

# About This School

## Carmen Ramos, Principal

Principal, Accelerated Charter Elementary

### About Our School

---

It is with optimism that I serve as the Principal of Accelerated Charter Elementary School—the oldest dual language school in Los Angeles. ACES is situated in a beautiful South Los Angeles community, where I work together with families, students, and all staff members to provide ACES Scholars a high-quality bilingual education. ACES' dual language immersion program is a pioneering model of bilingual education in the 21st century. Under my leadership, ACES will continue to hold students to high academic expectations and center students' cultural and linguistic funds of knowledge through a celebratory, student-centered school culture.

I am passionate about instilling a sense of team in all ACES Scholars and ACES Team members, evident in our shared purpose of being one of the best schools in Los Angeles and our collective belief that it will take every member of our school and the community to achieve this. As a school leader, one of my core beliefs is that we are able to accomplish so much when we work together. The ACES academic program is close to my heart and, as a bilingual leader, educator, and mother, I personally relate to our school's promise of graduating students who are proudly bilingual and biliterate.

I look forward to partnering with all community stakeholders to achieve our shared goals of accelerating student learning and positively impacting students' academic outcomes for generations.

## School Description and Mission Statement (School Year 2025–26)

For more than 25 years, The Accelerated Schools (ACES, TAS, WAHS) have embraced a commitment to academic excellence and achievement guided by the belief that all students can excel when nurtured in a

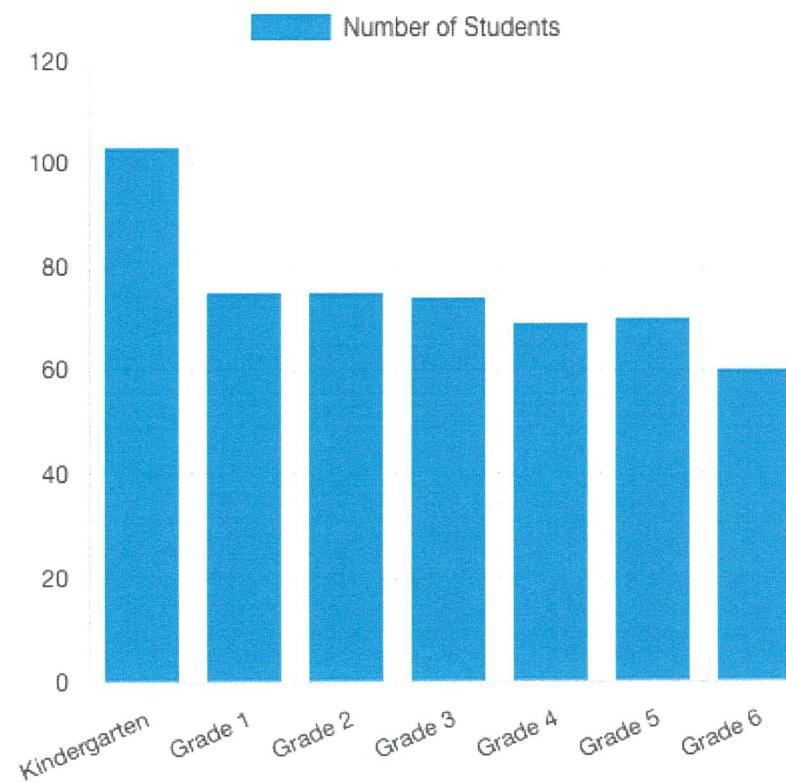

school environment that combines high expectations for students and active involvement from parents and the community.

Our schools prepare students with the foundational knowledge, tools, and skills needed to be productive, engaged citizens and lifelong learners. Our goal is to instill from an early age the important academic and character strengths that will help them succeed in college, career, and life.

We believe ACES enriches the lives of students and their families through a mix of academic, cultural, and community-focused programming and has been instrumental in transforming the South Los Angeles community.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2023– 24	School 2024– 25	District 2023– 24	District 2024– 25	State 2023– 24	State 2024– 25
English Language Arts / Literacy (grades 3–8 and 11)	47%	43%	43%	46%	47%	48%
Mathematics (grades 3–8 and 11)	35%	39%	32%	35%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group for students taking and completing state-administered assessment Grades Three through Eight and Grade Eleven (School Year 2024–25)**

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

### California Physical Fitness Test Results (School Year 2024–25)

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

#### Opportunities for Parental Involvement (School Year 2025–26)

ACES is committed to working collaboratively with parents and the surrounding community to bring about progress and student success. ACES genuinely values the input and support of all its members (educational partners). We believe that parent involvement increases student achievement and that is our ongoing responsibility to develop and maintain strong home-school relationships. ACES has worked diligently to create a very strong partnership with our parents and community.

ACES holds parent meetings throughout the year where families meet in two ways:

- parents meet with their child's teacher to receive information about grade level academic standards, their child's learning progress, social-emotional well being, classroom activities, and ways to support learning at home. All of our teachers are bilingual and can communicate directly with parents.

- Families gather for larger whole group presentations where text and or speaking points are translated. Topics that address school readiness, test preparation, healthy living, community safety and awareness, and parenting, provide families with tools to be successful in their home and school life.

Parents participate in Parent Advisory Committee Meetings (PAC) and English Learner Advisory Committee (ELAC) for parent advisement of categorical programs.

ACES strives to create a Vibrant Culture of Volunteerism: Parents volunteer inside and outside of the classroom as a way to support their child's education at school and at home.

Ongoing educational partner surveys are given throughout the school year to gain educational partner input.

ACES engages parents in school-wide events throughout the year such as assemblies, awards ceremonies, and various parent workshops.

### Professional Development

Professional development within the school addresses the individual needs of teachers and students as well as broader school needs. Both the site leaders and district-level leads provide professional development in all content areas using a variety of tools. Professional development is also conducted through coaching, modeling lessons, and instructional classroom observations with feedback cycles. Professional development is provided to all educational partners at the school site.
