2024–25 School Accountability Report Card

Reported Using Data from the 2024–25 School Year

California Department of Education

Address: 4000 South Main St.
Los Angeles, CA , 90037-1022

Principal: Lucy Hilarides, Principal

Phone: (323) 235-6343

Grade Span: K-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

California School Accountability Report Card (SARC) for the 2024-2025 school year. This report card provides information on the school's performance in various areas, including student achievement, school climate, and financial health. The report card is available in both English and Spanish. For more information, please visit the school's website or contact the school administrator.

About Our School

It is an honor and a privilege to serve as the Principal at The Accelerated School, especially as we move into our 30th year as a charter school in South Los Angeles. Since 1994, we have sought to bring a world-class education to our students, honoring our mission and philosophy to accelerate learning and treat each child as gifted.

This year, we strive to strengthen our academic programming through engaging, rigorous curriculum, metacognitive sense-making strategies, ongoing formative assessment of student learning, and daily writing. Building on our after-school sports program initiated last year, we continue to support our students to participate in sports like volleyball, flag football, soccer, and basketball. Additionally, we are continuing to foster curiosity, self-direction, and collaboration with a focus on developing the “whole child” so that our students can graduate prepared to tackle complex challenges and reach their goals.

School Description and Mission Statement (School Year 2025–26)

For more than 25 years, The Accelerated Schools (TAS) have embraced a commitment to academic excellence and achievement guided by the belief that all students can excel when nurtured in a school

environment that combines high expectations for students and active involvement from parents and the community.

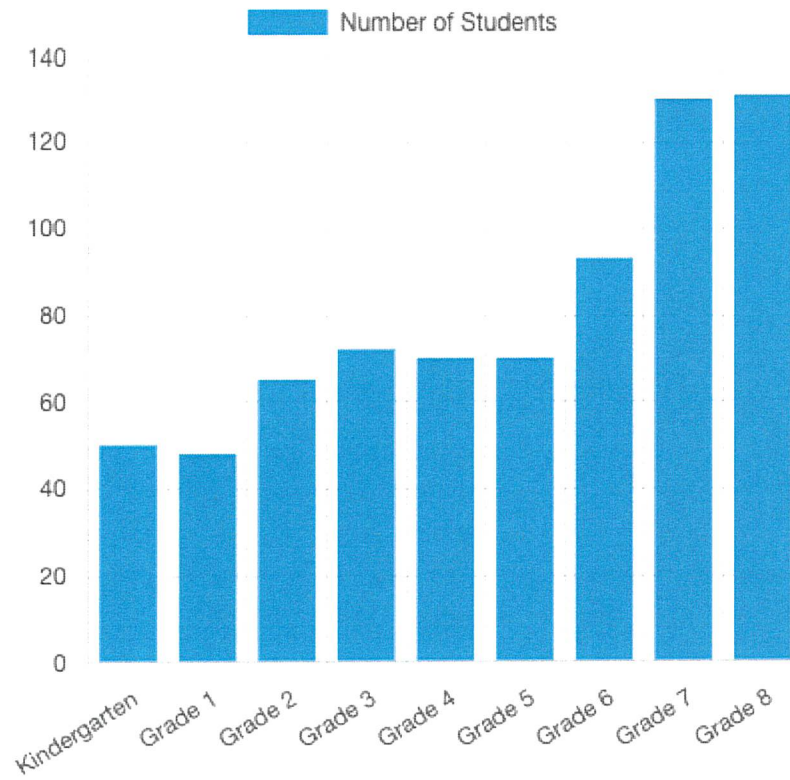

TAS prepares students with the foundational knowledge, tools, and skills needed to be productive, engaged citizens and lifelong learners. Our goal is to instill from an early age the important academic and character strengths that will help them succeed in college, career, and life.

We believe TAS enriches the lives of students and their families through a mix of academic, cultural, and community-focused programming and has been instrumental in transforming the South Los Angeles community.

The Accelerated Schools will graduate students who are prepared to succeed at the university and career of their choice, who will enter the workplace as informed and productive employees, entrepreneurs, and community leaders, and will act as responsible citizens.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2023– 24	School 2024– 25	District 2023– 24	District 2024– 25	State 2023– 24	State 2024– 25

Mathematics (grades 3-8 and 11)	27%	23%	32%	35%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: The administration of the PFT requires only participation results for these five fitness areas.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2025–26)

Parents are informed of upcoming meetings, town halls, PAC, and ELAC via Parent Square and Robocalls. To ensure equity of voice for all communities of English Learners, administrators will provide necessary access to all parents/guardians to public meetings and hearings via different platforms, at different times of the day, as requested by parents. Translators are available upon request.

Many programs are in place that build strong parent and family engagement programs. They are foundational in supporting strong school-family partnerships in our school community. Shared leadership occurs through our District Advisory and District English Learner Advisory with site leadership committees and our Parent Advisory Committee (PAC).

Monthly parent meetings where families meet in two key ways: Parents meet in small classroom groups with their child's teacher to receive information about grade-level academic standards, their child's learning progress, classroom activities, and ways to support learning at home. Translation is provided. Families gather for larger, whole-group presentations where text and or speaking points are translated. Topics are covered that address school readiness, test preparation, internal and state assessment data, healthy living, community safety and awareness, and parenting. This helps to provide families with tools to be successful in their home and school life.

TAS also has a vibrant culture of volunteerism: Parents volunteer inside and outside of the classrooms as a way to support their child's education.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school graduation rates;
- High school dropout rates; and

- Chronic Absenteeism

Chronic Absenteeism by Student Group (School Year 2024–25)

Professional Development

Professional development within the school addresses the individual needs of our staff and students as well as broader school concerns. Both the site leaders and district-level leads provide professional development in all content areas using a variety of models. Professional development is also conducted through coaching, modeling lessons, instructional classroom observations, and feedback cycles.
